

# Salon Rouge Selection

## Ilona Glastonbury

Ilona Glastonbury is a Barossa artist who works with recycled materials, in particular with pressed ceiling metal. The rich patina of paint that has built up over time evokes nostalgia for times past, whilst her arrangements of the cut tin suggest the landscape. Ilona has had her work selected and commended at high calibre art prizes recently. All works are mounted on sturdy mdf board ready to hang.

Winter Creekline 1, 2010... 22 x 22cm .....\$285
